

Autonomous Networks: Beyond Automation

Scottish Autonomous Networked Systems 2022

December 13th, 2022

Philip Rodgers

Rakuten Mobile, Inc

**Rakuten Mobile
Innovation Studio**

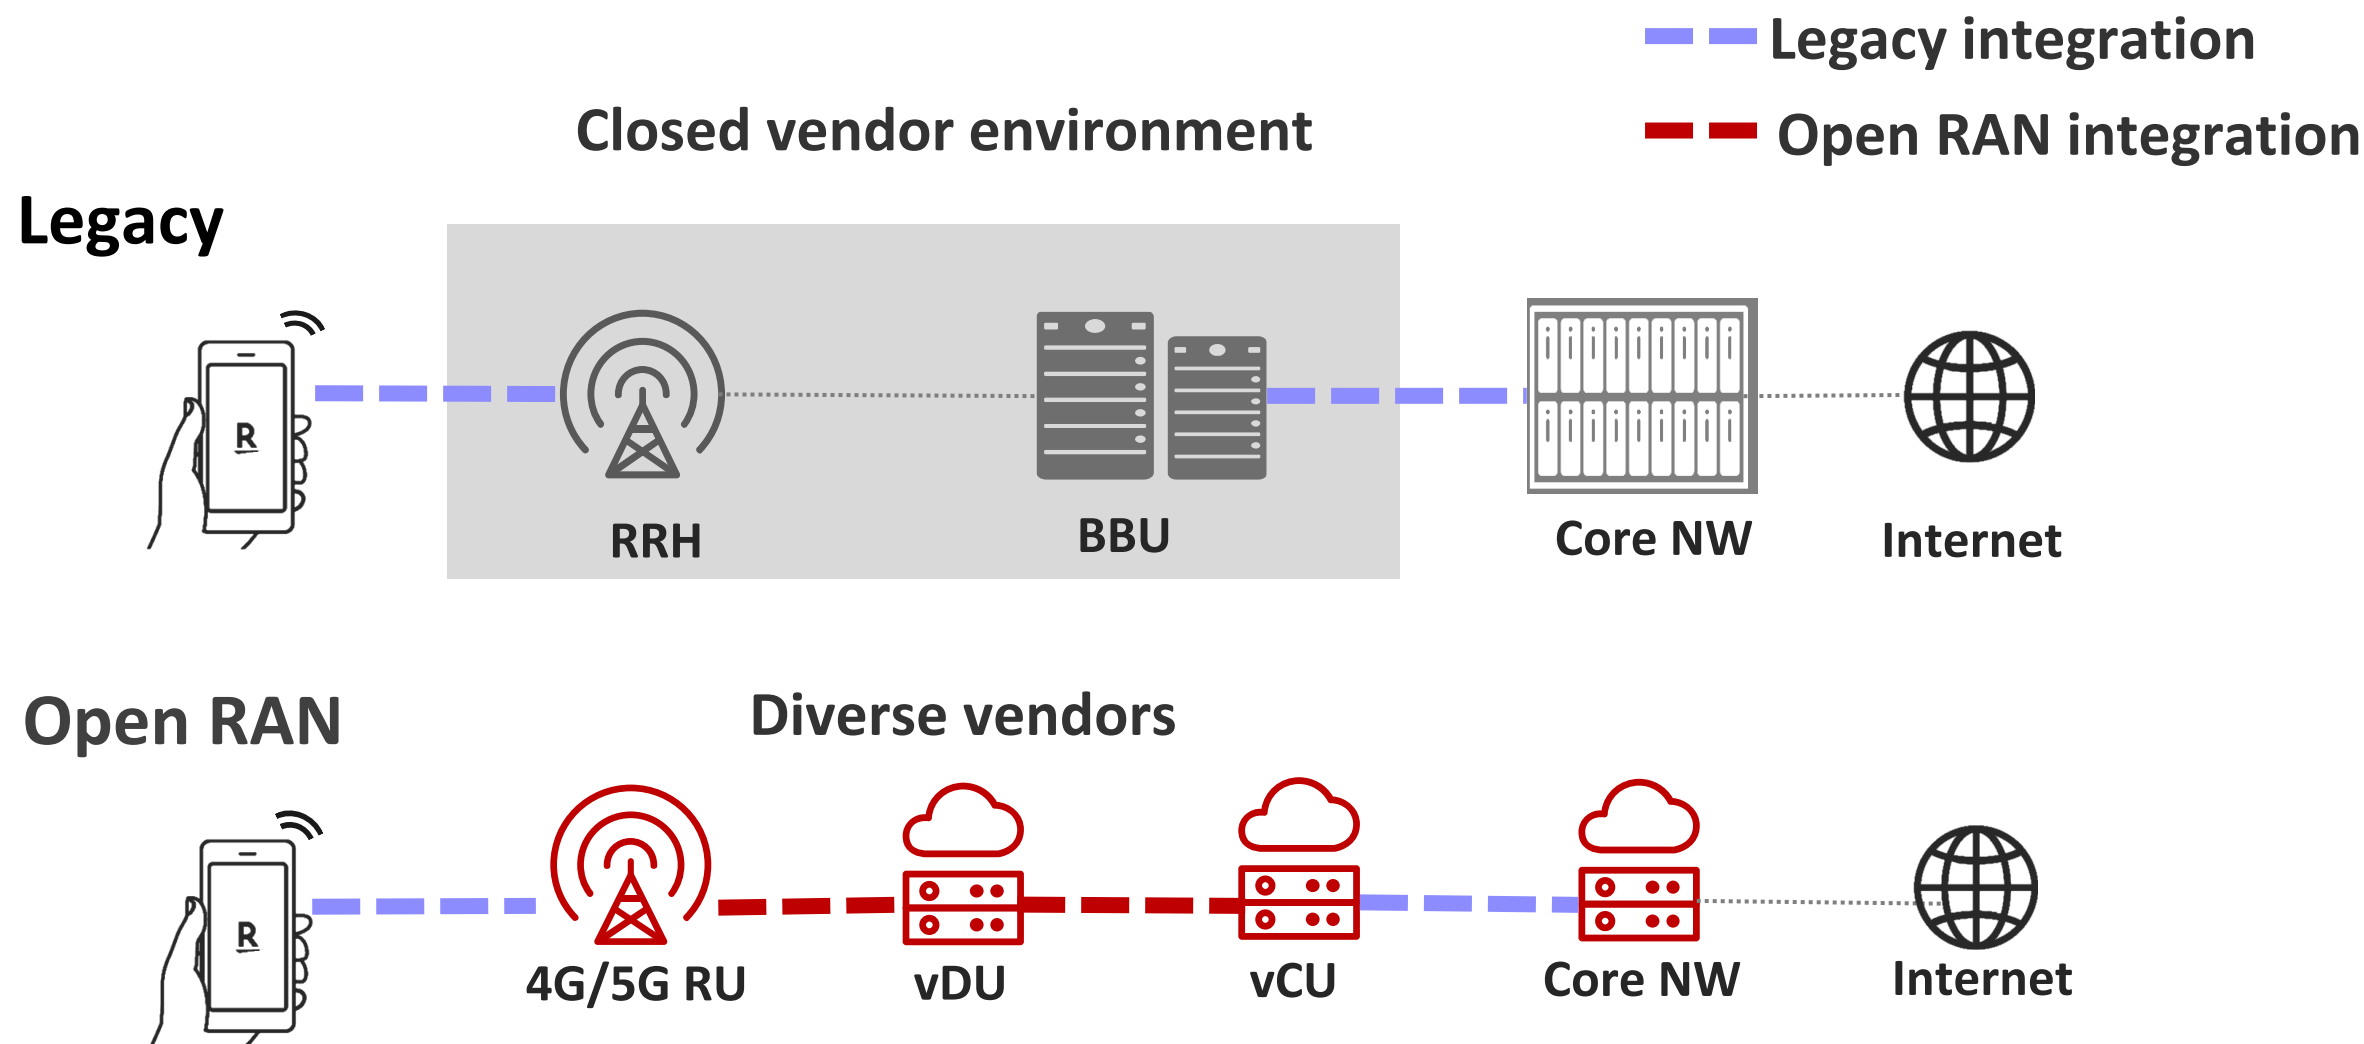

**Dedicated to making
Autonomous Networks
a reality**

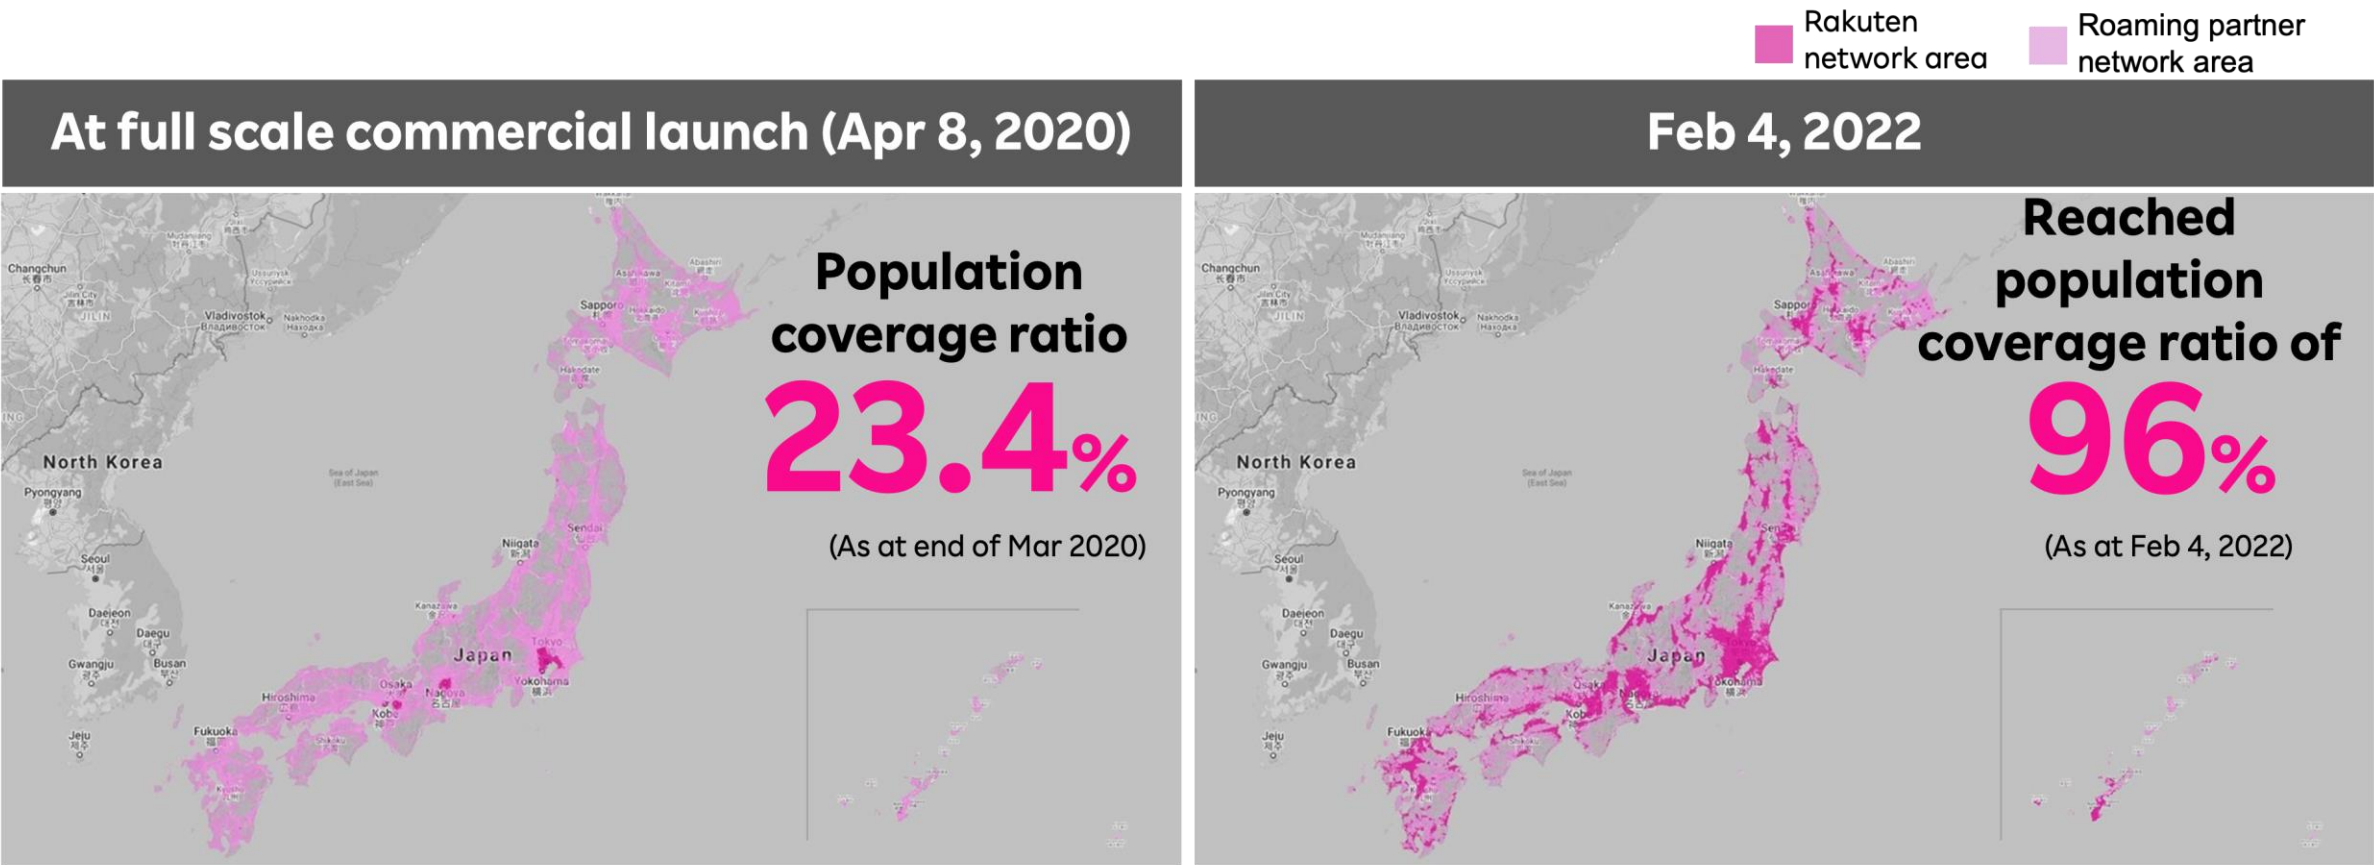

**Team of PhD researchers, SW
engineers & experienced Telco
professionals**

End-to-End Fully Virtualized Cloud Native Mobile Network

End-to-End Fully Virtualized Cloud Native Mobile Network

* Night-time population coverage ratio *Depending on the timing of calculation and other factors, there may be cases where the area map does not reflect actual coverage.

**Highly Advanced
Edge Network**

**Efficient Operations
through Automation**

What's next?

**Autonomous
Networks?**

Hypothesis: Autonomy is better than Automation

Autonomous Networks

What does

“Autonomous Networks”

mean to you?

Obligatory XKCD Reference

```
def getSolutionCosts (navigationCode):  
    fuelStopCost = 15  
    extraComputationCost = 8  
    thisAlgorithmBecomingSkynetCost = 999999999  
    waterCrossingCost = 45
```

GENETIC ALGORITHMS TIP:
ALWAYS INCLUDE THIS IN YOUR FITNESS FUNCTION

(Just make sure you don't have it maximize instead of minimize)

What are “Autonomous Networks”?

Beyond Automation towards Autonomy

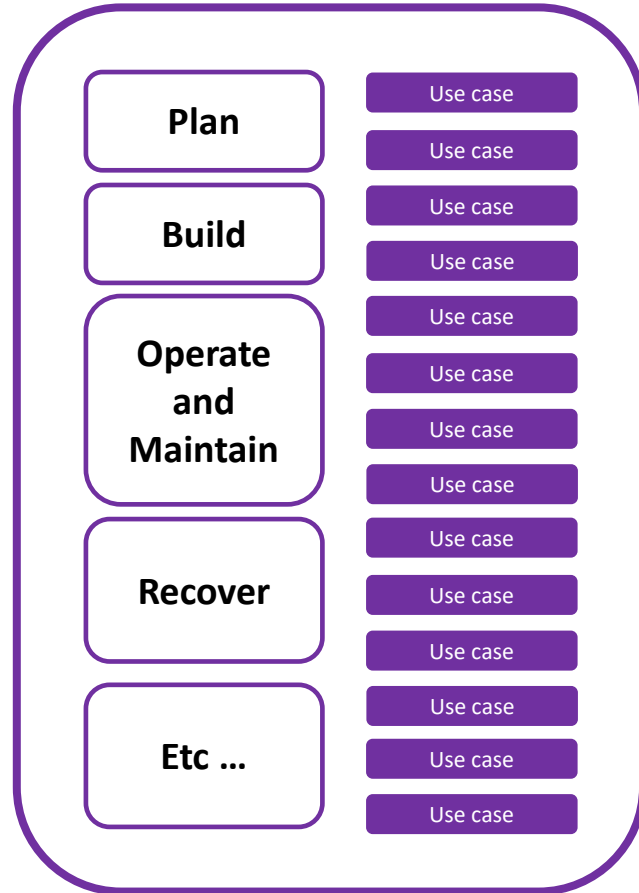

Research Approach: **Key Concepts**

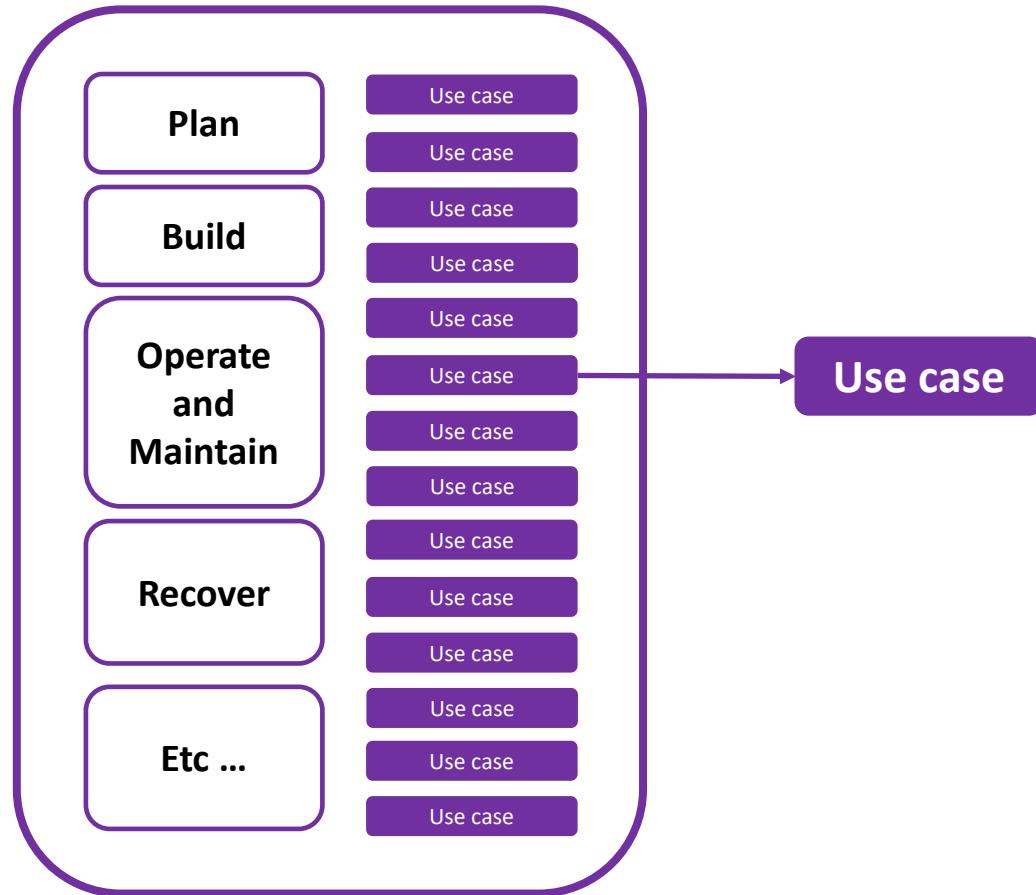

Operating a **Network**

Set of activities

The image shows a screenshot of the "FG-AN Input Documents" page. It features a table with columns for "Type", "Name", "Meeting", and "Title". The table lists various documents and their associated meetings. The page also includes a sidebar with links to "Input Documents", "Output Documents", "FG-AN Management", "E-meetings Recordings", "Calendar", and "Support-FAQs".

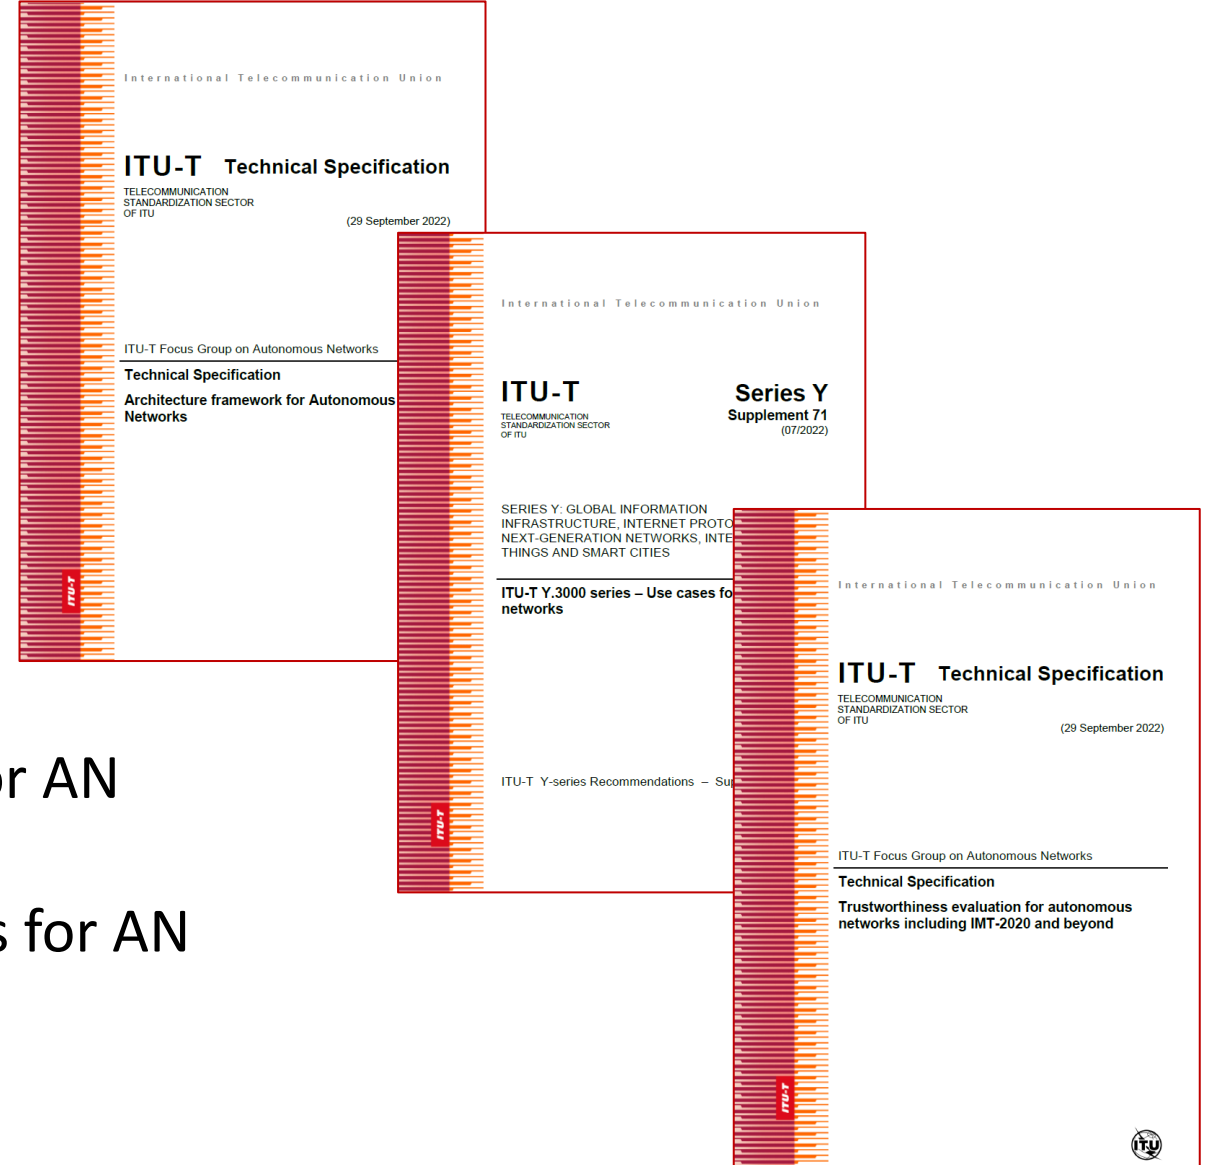

Type	Name	Meeting	Title
Input Documents	FGAN-I-091	Virtual, 15-17 June 2021	DeepBeam: Deep Waveform L
Output Documents	FGAN-I-090	Virtual, 15-17 June 2021	Proposal for a "Build-a-thon"
FG-AN Management	FGAN-I-089	Virtual, 15-17 June 2021	AI-Empowered Software-Defi
E-meetings Recordings	FGAN-I-088	Virtual, June 2021	Proposed initial draft of use ca
Calendar	FGAN-I-087-LS	Virtual, June 2021	LS/IR on establishment of new
Support-FAQs	FGAN-I-086_att1	Virtual, June 2021	Missing Links in Autonomous
	FGAN-I-086	Virtual, June 2021	Missing Links in Autonomous
	FGAN-I-085_att1	Virtual, June 2021	Possible Blocks of an Autono
	FGAN-I-085	Virtual, June 2021	Possible blocks of An Autono
	FGAN-I-084_att1	Virtual, June 2021	Possible self-X properties
	FGAN-I-084	Virtual, June 2021	Possible self X properties
	FGAN-I-083-IR1	Virtual, 15-17 June 2021	Use case and requirements for
	FGAN-I-083	Virtual, June 2021	Use case and requirements for

Rakuten

The Rakuten logo is centered on a solid red background. It features the word "Rakuten" in a bold, white, sans-serif font. A white, stylized swoosh underline is positioned beneath the letters "aku", starting from the bottom of the 'a' and extending to the right, ending under the 'u'.
